

ANNUAL MEETING

FALL 2025

Annual Meeting

FRIENDS OF
Interstate and Straight Lake State Parks

Annual Meeting

October 9th at the Ice Age Center 5:30

with the Program starting at 6:30

Join us at the Ice Age Center in Interstate Park for a special gathering of Friends. Dinner will be provided by Sir Smokes A Lot, with cake from Dick's Market served afterward. This is a wonderful opportunity to reconnect, share updates on recent park developments, and enjoy time together.

This year's program will feature Alex Bouthilet as our guest speaker. Alex will share insights on prescribed burns, pollinator habitats, and the fascinating relationships between animals and their environment.

We look forward to seeing you there!
